# Letter of support to MNV Global

Marian Apostle Mission · P.A.C.E. L.A. O.P.U.S.

MADRID, 2 MAY 2025 · TO THE CHIEF EXECUTIVE OF MNV GLOBAL, FIAT VOLUNTAS TUA PROGRAM, COSTA RICA

Dear Sir,

By this letter we express our interest and full support for an active and committed collaboration with MNV Global in implementing and developing its programs, with emphasis on business administration and integral accompaniment under the doctrine and principles of the Catholic Church.

We recognize in MNV Global's proposal a model the world of today deeply needs, one that seeks to restore human dignity and Christian ethics in the various spheres of social life, especially in:

- Psychology with spiritual, moral and business intelligence.
- The formation of Catholic leaders and entrepreneurs.
- The prevention and correction of harmful social practices.
- The development of integral humanitarian projects that answer the Gospel's call to serve.

We identify fully with the vision of a company consecrated to God, guided by the truth of the Gospel, acting in justice, charity and respect for the life and dignity of every person. We therefore join MNV Global's effort to build structures that promote the common good and transform society for the better, in the economic, legal and community spheres alike.

We are ready to work together, placing our knowledge and spiritual capacities at the service of this work, under the guidance of the traditional Catholic Church's teaching and in close relationship with its strategic allies, new companies consecrated to God.

We express our wish that this union of efforts bear fruit, always faithful to the magisterium and tradition of the Catholic Church, in search of a more just society, illuminated by the light of Christ, hand in hand with the Virgin Mary.

We remain ready to begin the processes of coordination and cooperation.

Ave Maria Purissima, conceived without sin and in the fullness of divine grace.

Rev. Gonzalo de María, bishop.
